Policy Origin: **Students**

Approved by:
Guild Summit – 29th October 2016
Board of Trustees – 5th November 2016

Expiry:
November 2019

On Campus space with places to stay over for Off Site students who travel in daily. A lot of these have no choice to stay off campus and transport is relied upon. To have a place they can stay in transport is let down or bad weather stops returning. A small cost could be paid as I believe the campus had a "Buddy Bedding" system, for friends to stay over if required. Some students are having to travel in for 9am lectures coming as far as Southport and Ormskirk. It can also be a safety thing if women travelling late, as price of hostels going up and too expensive also for a Taxi. Thank You
