

Society Aims and Objectives

Academic

Accounting and Finance Society

To join together all who have an interest in accounting or finance.

Advocacy Society

To provide multiple opportunities in the form of events, academic workshops, socials and trips to all students hoping to increase their confidence and other advocacy skills. These events are designed to offer students the opportunities to improve their advocacy in action.

AeroSoc

To improve the identity and strengthen the community for University of Liverpool students studying or has an interest in the Aerospace Engineering field.

Archaeology, Classics and Egyptology (SACE)

SACE is a society for people studying Archaeology, Classics and Egyptology, as well as Ancient History and Evolutionary Anthropology, and for those who have an interest in the ancient world!

We are a diverse and lively group of people who all have a common interest in understanding the past. From nights out to pub quizzes, and from museum trips to formal dinners, there are events for everyone to get involved in. Our sole aim is to promote the work our department undertakes and to unite members across our department and other departments.

Banking and Finance Society

To inform students of careers in finance with a focus on investment banking, sales and trading, asset/wealth management, corporate finance and professional services as well as careers in profession/industry. To develop students in order that they might make competitive applications to these careers.

Bar Society

To provide students with the necessary skills and experience required to pursue a career as a barrister.

Borderless Courses

To promote and enhance communications between students from different academic backgrounds;
To allow students to gain insight into and develop a potential interest of different subjects beyond their own;
To create opportunities for students to meet like-minded people from different industries, all walks of life.

Business Management Society

To bring students who study Business Management or business related courses closer together.

Canadian Law

To create a network of Canadian and non- Canadian students in the law program who are interested in

starting their legal career in Canada.

Chemistry Society (ChemSoc)

To Unite Chemistry students across all years and put on events for the students.

Coding and Robotics Society

To inspire interest in coding, robotics, electronics and embedded systems using projects that cover a wide variety of disciplines. We will provide sessions to support and assist students from all faculties in understanding relevant work from their course. We will be offering real world experience and networking opportunities with local businesses. The society will meet every week providing regular opportunities to engage with likeminded individuals in a social environment, as well as providing social events.

Commercial Awareness Society (LUCAS)

Encourage any student with a genuine interest in the business world or looking to improve their commercial awareness and become more business minded, to join. It will serve to help students interested in careers in law and business, become more confident in their career applications for those large corporate firms, that are known for testing it in applications, assessment centres and interviews.

Comms & Media Society

To provide opportunities to share knowledge and experiences while providing a social community outside of contact hours.

CompSoc

The student-ran society for the Computer Science department. Welcoming all those with an interest in computer science, we run regular social gatherings to promote networking skills and to give those within the department an opportunity to get to know each other outside of lectures. We also run regular events of a more academic nature relating to Computer Science and technology (usually in the style of presentations or workshops) and, in conjunction with the computer science department, organise the end of year ball along with industry relation days, hackathons etc.

Data Science and Artificial Intelligence Society

To bring students interested in exploring the world through data and to create a fun and interactive environment in which the members can share their skills and practice them with the help of the fellow students thus improving their technical skills as well as their soft skills.

Diversity in Law Society

We want our society to address the lack of diversity in the legal profession, but also bring those people affected by this together and ensure that diversity is celebrated. We plan to host socials, organise talks from lecturers, people in the profession etc. addressing diversity issues and have regular meetings to discuss experiences.

Economics Society

To make Economics and Business Economics more sociable and integrated courses. As well as creating a friendly environment for students to extend their academic knowledge.

English Society

Liverpool
Guild of
Students

Liverpool Guild of Students
160 Mount Pleasant, L3 5TR
+44 (0) 151 794 6868
www.liverpoolguild.org

Charity Number: 1137398
Company Number: 07324992

To rectify the limited opportunity to bond with course-mates due to fewer contact hours than other subjects, through encouraging participation in social and educational activities outside of lectures, whilst providing a fun and welcoming community for all who would like to be involved.

Environmental Science

To evoke environmental change both on campus and throughout the city of Liverpool. This may be through helping the university achieve their environmental and sustainability goals or educating individuals on what they can improve on in their own lives (e.g. affordable and sustainable food choices/ transport choices). We would also love to bring together all years of Environmental Science students in a coherent manner, however this will not be the main goal for the society (as we would love all students to join) but would be a positive byproduct.

Genetics Society

To provide extra opportunities and group support to genetics students. Other aims are to increase interaction between years of genetics students and help the first years adjust.

Geography

To unite all members of Geography and Environmental Science through socialising and having fun.

Herdman

To unite all members of Geography and Environmental Science through socialising and having fun.

History Society

History Society will be an academic society with the aim of allowing all history students to interact and meet at various social and academic events.

Legal Analysts Society

The LAS helps law students who haven't decided on their postgraduate career yet. There are many other types of lawyers other than solicitors and barristers. Members of the LAS can choose the best path for themselves by looking at the trending news articles every week and discussing the future of the legal service market. Our approach to current affairs is not only to strengthen commercial awareness, but mainly to discuss the impact on legal service providers, and those who pursue such a career.

Life Science Outreach Society

To enhance the public's knowledge of Life Sciences using our public engagement event.

To increase knowledge of what Life Sciences are and what studying Life Sciences at university means to Primary and secondary school age kids, using visits.

Liverpool Consulting Society

Inspire networking between students and world-renowned international companies. Encourage students to engage critical thinking and analytical skills so as to not only improve their employment prospects but also in how they approach their degree. Give students the opportunity to discover and affirm a career field that they would not have thought about otherwise.

Liverpool Engineering Society

To help contribute to the success of the school as well as maintain and build on the existing efforts of our

predecessors. Social events will continue to be run including the annual ball for both engineers and psychologists.

Liverpool Entrepreneurs Network Society (LENS)

To aid in forming, sharing and enhancing new ideas, developing and mastering skills essential to succeed as an entrepreneur and facilitating networking among students from all degree areas.

Liverpool Investment Society

Create a risk-free virtual simulated fund, allowing students to experiment with the stock market and learn valuable lessons to assist them in their future employment. This give students the necessary skill set to analyse common investment vehicles whilst also having some fun all year long. The society also aims to group people who have a likeminded interest in economic/financial analysis, financial markets, investing as a hobby, accounting or are interested in pursuing employment in the financial sector. The society also aims to unite students from different academic backgrounds to perform industry specific activities to help the profitability of the fund (computer science students using quantitative analysis, geography students to provide meteorology advice and its effects on heating oil are a couple of examples). The main point is that we are 'role playing working at an investment bank' so to speak. We want to give students an opportunity to have something that they can talk about passionately in job interviews, have working knowledge about how this area of business works, meet with people with the same curiosity and most importantly enjoy themselves.

Liverpool Legal Society

To provide both academic and non-academic events for both law and non-law students at the University of Liverpool.

Liverpool Life Sciences Society

To bring together all students of the school of life sciences providing a community to support students both academically and socially.

We hope to arrange some talks from PhD students to talk about their research and the PhD program and hopefully lecturers throughout the year to educate our members on possible fields and pathways open to them. We will also advertise the Liverpool life sciences outreach society so that our members can also get involved in their events such as getting school children interested in Biology.

Marine Biology and Oceanography (LUMOS)

To bring together like-minded individuals with the singular focus of improving environmental conditions and therefore quality of life.

Marketing Society

To unite all students studying Marketing or related courses through a combination of industry and social activities.

Mathsoc

To provide a place where students on Maths and other subjects can connect, make friends and have a great time together.

Mature Students Society

Liverpool Guild of Students
160 Mount Pleasant, L3 5TR
+44 (0) 151 794 6868
www.liverpoolguild.org

Charity Number: 1137398
Company Number: 07324992

To unite and support mature students at the university, and any other students interested in joining us.

Modern Languages Society

To create a greater sense of community between students from all years within the school of Modern Languages and Cultures, to provide support for them educationally and culturally, and to encourage people to share their enthusiasm for Modern Languages.

Pharmacology Society

To improve the identity and unite Pharmacology students across all years, promoting academic intrigue and strengthening the pharmacology community as a whole, as well as providing social events and opportunities for other students to participate in.

Philosophy Society

To develop our society so that it can continue to offer both academic and non-academic support to all those interested in Philosophy at the University of Liverpool.

Physics Society

- Strengthening the relationship between students and staff in the department
- Give students an insight into the research conducted at their university
- Bring women and gender minorities in physics together

Physiotherapy Society

To bring all students studying Physiotherapy BSc. together, through socialising, academic events and connections to other Physiotherapy students and the wider profession.

Politics Society

Inspire and inform on current political issues

Postgrad Society

To bring together postgraduates from across all departments at the University of Liverpool. We aim to host social and wellbeing events, as well as encourage participation in personal and professional development opportunities available at the University.

Psychology Society (PSYCSOC)

To provide a platform for students to meet people on their course and wants each member to embrace both the academic and social opportunities presented to them. With the society, the aim is for students to broaden their horizons and make the most of their time at university, learning new and different things with the variety of events psycsoc puts on and promotes throughout the year.

Public International Law Society

Introduce students to the subject of public international law to enhance student employability. There are currently no optional international law modules listed for the BA International Relations. LLB Law students have a number of optional international law modules, but these modules are not available until the third year of study. As public international law is an incredibly difficult field to get into, we believe it is advantageous for students to be introduced to this subject as early as possible so they can start learning, networking, seeking out internships, etc. This society will give students the edge they need to break into this

highly competitive field.

Sociology, Social Policy and Criminology Society (SocSoc)

To unite the Social Justice department with academic and social events and activities.

Solicitors Society

To engage with law & non-law students interested in the career path of becoming a solicitor, equipping them with the skills to boost their employability prospects.

Space Soc

To provide a society for those interested in Astrospace, Space Exploration, Space Development, Mission design, etc to participate in a range of activities in particular those run by UKSEDS and the European Space Agency.

ZooSoc

To provide supplementary activities for Zoologists. This includes extra-curricular talks on topics of interest and potential career avenues, networking, volunteer experience and visits to pursue shared interests. It also aims to help provide more hands-on opportunities for zoologists to interact with animals and the environment. As C300 is a course that requires a lot of teamwork, especially on field courses and with a relatively small year group intake, the society also aims to help improve the social interaction between the year groups and give its members an opportunity to meet new people with a shared excitement for Zoology.

Affecting Change

93% Club

To provide resources and career opportunities for state-school educated students.

To allow students to gain skills necessary to be serious competitors in the job market.

To bridge the gap between students from low-income backgrounds and careers in high-paying industries.

Amnesty International

To educate people on human rights issues and campaign for changes.

British Sign Language Society

To spread awareness for British Sign Language and to encourage more people to get involved in the learning of the language.

CATTS: Cancer Awareness in Teens and Twenties

To promote awareness and early diagnosis of cancer in young people. To ensure that as many teenagers as possible know the key signs to look out for and when to go and get themselves checked out.

Climate Action Society

To raise awareness of issues relating to climate change and environmental degradation, through regular meetings and events.

CoppaFeel!

To encourage people to get to know their bodies in an empowering way through light-hearted events.

Disability Society

This society defines disability as a broad term encompassing a range of long term illnesses and conditions including (but not limited to) physical, sensory and invisible impairments, chronic illness, mental health, dyslexia, dyspraxia, dyscalculia and neuro-diverse conditions.

Our Aims are:

- To raise awareness, and campaign for a more accessible campus, and wider society.
- To provide and promote support for disabled students during their university life.
- To provide an inclusive community of disabled students, and those with an interest in disability rights.
- To provide a wide range of groups, and activities to encompass all disabled students at the university.

Draw The Line Society

To amplify the voices of survivors of sexual assault. Raise awareness around sexual assault at University. Make a safe space for survivors.

Feminist Society

To increase the awareness of feminism

To educate members about feminism

To encourage members to be active campaigners in feminist campaigns

First Aid

To pass on live-saving first aid skills to fellow students through weekly meetings. We also aim to promote

the work of St John Ambulance and facilitate volunteering within the charity.

Liverpool Friends of Medecins Sans Frontieres (MSF)

To unite all members of the guild interested in humanitarian aid and fundraising.

To raise awareness of MSF charity amongst university students and inform a variety of students of career opportunities available to them within MSF.

Help the Homeless Society

To provide a platform for people to create a positive change towards social justice. Through volunteering opportunities, educational discussion and meeting other compassionate people with a similar aim, we hope to create an environment where members feel able to support those within society who have been displaced.

HIV Education (HIVE)

To help raise awareness of HIV and to reduce the stigma surrounding the disease through teaching and fundraising.

Humanitarian Society

Our aim is to inspire, support and enable students who are passionate about humanitarian work to lead or participate in humanitarian projects

Labour Students

University of Liverpool Labour Students is a friendly and active society. We aim to bring Labour minded students together to campaign, debate, learn and have fun

LGBT+ Society

To bring its members together in a safe and fun social environment.

To campaign for change and progress for LGBT+ rights in society.

Liverpool Refugee Crisis Foundation Society

To promote the health and wellbeing of vulnerable displaced men, women and children globally.

To provide dental and medical services to vulnerable people worldwide.

To support an existing UK registered charity.

As a non-profit organisation RCF is committed to helping vulnerable individuals in crisis situations, particularly refugees.

Marxist Society

To unite all students and workers on campus who are interested in Marxist ideas.

To educate ourselves in Marxist theory, the history of the labour movement and to develop and understanding of current events.

To take our understanding of these ideas into the wider students' and labour movements with a view to winning a wider and wider layer of people to our ideas.

Menstrual Education Society

- To improve menstrual health education in schools in the Merseyside area.

- To reduce the rate of absenteeism in schools and allow girls to achieve their full academic potential by

raising awareness

- To increase girls' confidence of their bodies and reduce any stigma or shaming by normalising and speaking about it

Mental Health Awareness Society

- To provide a community that aims to raise awareness, acceptance and understanding of poor Mental Health within the university.
- We wish to provide education on Mental Health via workshops and guest speakers that is shaped by our members
- To work with the guild and the university to relay students concerns and help raise awareness of mental health issues
- To continue with our outreach programs such as society in schools
- To establish a solid member base and have foundations for the next academic year to ensure the society remains active

People and Planet

To campaign for environmental and social justice. I am hoping to focus on campaigning for the university to affiliate to electronics watch which would improve workers' rights around the world, which in a time of environmental uncertainty, the human side should not be forgotten.

STAR

To unite all members of the guild interested in raising awareness for refugees and asylum seekers

The Civil Liberty Society

The aim of this society is to meet and discuss how we can better educate fellow students and the public about how their civil liberties are constantly being eroded in British society in the name of counter-terrorism and reducing crime.

Unicef On-Campus

To raise awareness of violations against children and to promote equal opportunities for all children through campaigning in aid of UNICEF. Though the purpose of the campaign is to advocate for children whose rights are being abused, the campaigns in general will include fun and exciting events to draw attention to such global issues

University of Liverpool Young Conservatives

- Bring together all students who are sympathetic to the aims and values of the Conservative and Unionist Party.
- Run events to debate politics and current events.
- Campaign for issues in lines with the aims and values of the Conservative and Unionist Party

University of Liverpool Young Liberals Society

We aim to bring together advocates for human rights, and equality in line with liberal views. We also aim to keep people updated on current events in the international system and speak out against injustices. Lastly, we call for increasingly progressive values across campus and in the UK to fit modern society through the collaboration of students, whilst promoting awareness of liberal values.

UoL Medics Against Discrimination

1. Advocate for equality and inclusivity within healthcare and medical research
2. Provide educational resources for healthcare professionals and patients on issues of discrimination in healthcare
3. Fundraise for relevant charities that share our vision

UpReach

- To deliver and engage with events on campus that promote a greater understanding of social mobility, equality of opportunity, and employability.
- To promote upReach charity and its employability support programmes for eligible students via online events, industry mentors, and social media.
- To develop a community of students, from typically underrepresented backgrounds, in order to facilitate mutually beneficial student relationships leading to an effective, supportive, and extensive network of students who are passionate about social mobility.

Women in STEM

To create an inclusive space – where all genders are welcome – that supports and celebrates women in STEM

Celebrating Culture

Afro Caribbean Society (ACS)

To not only unite people through shared cultural background (African and Caribbean), but also to educate people on their cultural lineage and heritage. Furthermore, we also aim at creating an environment where African and Caribbean culture is given pre-eminence and recognition.

Arab Society

To unite all international and national Arabs and any member of the Liverpool guild interested in Arabic cultures and traditions. Set up many charity events.

Balkan Society

To unite the cultures of the increasing number of students from the Balkan states. The society is open to anyone, regardless of origin.

Our society will focus on uniting people and celebrating the Balkan cultures which include countries such as Bulgaria, Serbia, Croatia, Madedonia, Slovenia and others.

British Asian Society

To bridge the British and Asian cultures within our diverse university in order to teach everyone about different Asian backgrounds whilst appreciating the British background we all grew up in. Our society isn't limited to any religion, background or faith but to everyone who is or wants to learn more about different cultures. As we are an Asian integrated British society we want to also try and teach the importance of British history & British values whilst recognising our Asian roots and the links between both parts of the world. This is because the main thing a majority of interested members will have in common is the fact that they grew up with the British culture & the Asian culture. This Society is also open to members of the guild who would like to learn more about the variety of things such as the different cuisines, different history and just learning new skills. They will also learn skills such as managing events and taking part in charity fundraising to make a difference to the community.

Czechoslovak Society

- To unite the wide network of students from the Czech Republic and from Slovakia who have moved to the UK to study. The society will act as a framework for students to connect with each other and provide them with regular communication with other students from the same nation.
- Group for Czech and Slovak students who may face similar difficulties when moving to study abroad. For example, being homesick, socialising in a new environment, adapting to cultural differences in the UK. It provides them an opportunity to engage in activities and meet new individuals.
- For students who are interested in learning about Czech & Slovak history, traditions, cultures, cuisine, folklore etc.
- Organising Czechoslovak events to promote and celebrate the culture.

European Society

To facilitate cultural exchange between European students and bring different European subcultures together

Ghanaian

Liverpool
Guild of
Students

Liverpool Guild of Students
160 Mount Pleasant, L3 5TR
+44 (0) 151 794 6868
www.liverpoolguild.org

Charity Number: 1137398
Company Number: 07324992

To celebrate Ghanaian culture and share it with the wider university community. It will be a place people of Ghanaian heritage can come and find a place to be welcome. Also the society aims to engage with social activity such as raising issues here in the UK, Ghana and all around the world.

Italian Society

To unite all university of Liverpool students who either are Italian, have an interest in Italian culture or study Italian.

Japan Society

Language learning

Experiencing Japanese culture

Socialising with people that have shared interest

Kuwait Society

Provide a supportive environment for all the Kuwaiti students in the university to share knowledge and skills in all fields through educational workshops (if possible).

Assure a comfortable life abroad for the Kuwaiti students and provide social activities that bring back memories from their home country.

Act as a direct link between the university and Kuwaiti students to tackle their concerns.

Organize national celebrations, sport, social and leisure activities that entertain the students in their free time.

Latin American Society

The aim of the Latin American Society is to "build" a second house for Latin American students at the University of Liverpool and encourage students from other regions of the world to get engaged with Latin America's vibrant energy through a range of cultural and social events.

Liverpool Chinese Students and Scholars Association (LCSSA)

- To unite Chinese students and scholars in Liverpool by activities
- To promote Chinese culture in Liverpool community by events
- To strengthen UK-China relationship in a way of local exchange
- To help first-time-to-UK Chinese students engage in local community and university life

Liverpool Indian Cultural Society

1. India is a land of multiple cultures and languages, this society aims to showcase and blend the Indian culture in Liverpool student community as a society
2. The society aims for exchange of culture, language, food, festivals of India to the diverse and multicultural Liverpool community
3. This society bridges the current Indian student society in Liverpool and incoming new students across India
4. The society aims for the echo of Liverpool city in India
5. The society aims to invite Indian alumni at Liverpool to share the experiences

Liverpool Malaysian Society

To build a unified and strong Malaysian society here in Liverpool and serves the community with beneficial activities as a platform for discussion, with access to – and the opportunity to share – informed opinions.

Liverpool Tamil Society

To celebrate the Tamil culture and experience everything that our culture has to offer. We aim to create a great space for Tamil students in the North West to come together. These include networking, support through a student's time at the university, to encourage those interested in dance, music and drama to showcase their talents, raise money for charities and to integrate within the community through our various social events.

Omani Students Society

To unite the Omani Student living in Liverpool, and to arrange activities which would help them in socialising, building some new skills, and to motivate them to engage in new hobbies. We also aim to show our culture and introduce ourselves to students with other nationalities.

Pak Soc

A society for all the Pakistani's joining the new year, as well as returning Pakistanis. A society to enjoy and appreciate the vibrant and close-knit Pakistani culture, as well as being a touchdown for Pakistani students on campus.

Polish Society

To share, promote and celebrate Polish culture at the University. Moreover, we want to support and gather students who are Polish or come from a Polish background, as well as welcome students from other cultures who wish to learn more about Polish culture.

Rosoc (Romanian)

To promote Romanian culture and language and create a pleasant social environment for students studying in Liverpool.

South Asian Society

Raise Awareness of different cultures in South Asia

Spanish Society

1. be a social group for those wanting to learn/practice their Spanish with others
2. organise nights out in Spanish places around town, especially for food and reggaeton nights out
3. link up with a fb group called Españoles en Liverpool (and others) where many people coming to Liverpool from Spain

Sri Lankan Society

Welcome any student that interested in Sri Lankan country and its culture. This is a platform for Sri Lankan students to get familiarise with their culture, socialise and be a help towards the life away from home.

Welsh Society

To celebrate everything that's great about the other side of the bridge, and to unite all members of the Guild who have lived in/born in Wales, and anyone who has a passion for Welsh culture.

XJTLU Chinese Society

To provide the service to all initial XJTLU students and all Chinese students in Liverpool(preparatory

undergraduate, master, Dr). Our purposes are to spread Chinese culture and make Chinese students in Britain more cohesive.

Celebrating Faith

Believers Loveworld (BLW)

To take God's divine presence to all the people across campus young and old, spread and demonstrate his love, passion and vision to all the students through in depth teaching with simplicity and fun.

We are young people who focus on the ministry of the Holy Spirit and we believe in speaking in tongues and the infilling of the Holy Spirit .

We help not only to teach young people about the word but what to do with what they receive therefore we work mainly on discipleship and sharing God's love . Not to condemn others but for them to distribute God's love so we bring many into the fellowship , we raise them and then sent them out to impact their world and change the world for the better therefore help to raise future leaders.

Catholic Society

To support Catholic members of the university in their faith journey by creating a space where we all can grow together in our faith.

Christian Union

To give every student on campus the opportunity to hear and respond to the gospel of Jesus Christ.

Glory Land Student Church

To bring Christians together from all walks of life to learn and understand God in a more intimate manner through praise and worship.

Hong Kong Student Life

Provide support for new, overseas students in their new lives in Liverpool. As all of us are internationals and has once been daunted by the prospect of living alone in a foreign country, we came together and found similarities in our struggles – thus we aim and believe we are able to cater to the needs of these newcomers, in hope of easing and facilitating their difficult transition to a new country. As a whole, we hope to create a tight-knit community with the new incoming students, who may look to us as their second family outside of the home.

Islamic Society - LivISOC

To unite Muslim students under one banner and to strive towards maintaining an environment conducive to spiritual growth. The society aspires to provide a sense of community and support for all its members by providing a range of services and activities.

Jewish Society (JSOC)

To provide a welcoming, safe and fun environment for Jewish students on campus. As a society we provide a mix of events including religious, social and educational.

Kharis On Campus

1) To gain historic background knowledge on Christian revivalist and revivals that has occurred, why some were successful why some have failed.

2) To study and take example on revivalist that were in universities like George Whitfield, The Wesley brothers who were academic success but also great Christian revivalist and how we can incorporate their success and work ethics into our student lifestyles today.

3) To be a place of fellowship/socialising and a place of spiritual and intellectual growth for all students of every background and cultures

Liverpool Adventist Students on Campus

To share Seventh-day Adventist beliefs across university, in order to bring together a supportive student community.

Liverpool Sikh Society (LivSikhSoc)

- To raise awareness about Sikhism through education in a fun learning environment.
- Bring different communities together through volunteering and serving free food to the local community in Liverpool (Langar)
- To create a home away from home for students
- To create collaborative environments where societies are able to learn from each other.

National Hindu Students' Forum Liverpool (Formally HinduSoc)

To Practise, Promote, and Preserve and Protect the Hindu Faith.

Pentecost Students and Associates (PENSA)

To mobilise and empower the students with Christian and Pentecostal principles, raise up giants of God who will be ready to take up leadership roles in the church and society, and reflect the glory of God on campus and in society.

University of Liverpool Buddhist Society

Provide an opportunity for those who wish to learn about Buddhism, however much or however little they already know. The Society would not be confined to any particular school of Buddhism, and is interested in theoretical and practical aspects of Buddhism. Whatever the interest everyone is very welcome!

Medical

Anatomy

To unite students studying anatomy, and to support them throughout their academic time at Liverpool.

Aviation and Space Medicine Society (LASMS)

Our aim is to increase awareness, encourage participation and provide opportunities in the speciality and areas surrounding space and aviation medicine.

Bio-Medical Society

Establish a community within the Biological and Medical sciences cohort, and between staff and students. This will allow older students to give advice to first years on the course, year three research options and module content. Following from this, we wish to bring together students from each year, so that first year students can make friends and get to know people on their course. Finally, we wish to improve the extra-curricular opportunities that students receive.

BME Medics

To unite all black and ethnic minority students in medicine interested in developing in the medical field, in turn creating a sense of belonging and combat the isolation we sometimes feel.

Clinical Genetics Society (GENIE)

To bring together research genetics and clinical medical genetics at Liverpool university. We aim to advocate for a career in clinical genetics and research for medical students. Through collaborations with the medical school we want to publish medical genetics research articles and bring in clinical genetics professors for workshops etc

Cardiovascular and Thoracic

- . To provide teaching on aspects of cardiac and respiratory medicine
- . To provide insights and introductory talks on cardiothoracic surgery and cardiac and respiratory medicine
- . To increase awareness and aid fundraising for the british heart foundation

Dermatology Society (DermSoc)

To offer several lectures in dermatology throughout many different year groups. We would also like to raise awareness with a charity event, and also organise career talks and a conference for those interested in dermatology.

Ethnic Minorities in Dentistry Society

To unite all students of colour in the field of dentistry interested in their development and growth in the medical field. In turn promoting BAME excellence in the field of dentistry whilst harbouring good integration into the dental school for all.

Gastrointestinal

To aid medical students in understanding the gastrointestinal system, whilst also educating the student body about common gastrointestinal disorders, alcohol awareness and nutrition.

To run teaching events that help medical students further their knowledge of medical topics- something that the general student body could also benefit from.

Finally an important aim of our society involves charitable work with events such as bake sales throughout

the year.

General Practice Society (GPSoc)

- Enhance medical students perception of a career of general practice
- Educate medical students with teaching based around general practice
- Provide medical students with opportunities to improve their portfolios by engaging in a variety of extracurricular opportunities

Haematology

To provide teaching through lectures and other events on principles such as the interpretation of full blood counts and reading blood films. It'll also provide teaching on complex blood cancers and disorders, such as Acute Myeloid Leukaemia or Lupus Anticoagulant.

International Medicine Society

1. To provide teaching on topics in tropical medicine.
2. To provide information on arranging electives and working in other countries.
3. To raise money for charities which provide medical care to people in developing countries, e.g. sightsavers, a charity that treats trachoma patients which is a sight-threatening tropical disease.

Lifestyle Medicine

The society aims to educate members on the importance of the lifestyle in disease prevention. This will be based upon the 5 pillars of lifestyle medicine: Exercise, Diet, Sleep, Stress, Environment/Community.

Liverpool Acute, Critical and Emergency Society (LACES)

Educational lectures in ED/AMU/ICU/trauma/long term care for A&E patients.

Provide workshops and simulations for students.

Teach and promote basic life support to the general public

Promote careers in the field of EM and acute medicine with 'takeAIM'.

Raise money for relevant charities.

Build and maintain contact with the medical school and clinical skills team to provide students with relevant aspects of the course.

Consult with the medical school on the Acute and Critical Care intercalation degree.

Liverpool Aesthetic Society

To bring together aspiring aestheticians across all departments in University of Liverpool for events and activities

To build portfolio and career paths for aspiring aestheticians via teaching and awareness of the subject

To unite aspiring aestheticians, making social links and supporting one another

Liverpool Anaesthetics and Critical Care Society

- To inform medical students about the career pathways of anaesthetics
- To organise lectures and workshops that provide teaching by trained clinicians in anaesthesia and practical procedures
- To enhance medicals student's confidence in emergent scenarios within a hospital setting

Liverpool Diagnostic Radiography Society

Liverpool
Guild of
Students

Liverpool Guild of Students
160 Mount Pleasant, L3 5TR
+44 (0) 151 794 6868
www.liverpoolguild.org

Charity Number: 1137398
Company Number: 07324992

To organise external lectures for diagnostic radiography students to discover their options once graduating.
To improve the social aspect of the diagnostic radiography course by organising more socials, this will also help integration between 1st, 2nd and 3rd years
To provide students studying diagnostic radiography with extra support to gain a rapport

Liverpool Embryology and Fertility Society

To provide teaching sessions and extra-curricular activities aimed at embryology, the development of the human baby and the treatment of infertility.

Liverpool Endocrinology Society (LivEndoSoc)

To provide teaching/revision sessions for UoL medical students
To host talks by expert clinicians on conditions such as diabetes and heart disease

Liverpool ENT Society

To raise the awareness of ENT as a career among medical students
To provide advice to medical students regarding careers in ENT
To facilitate education in ENT amongst medical students
To promote ENT events and opportunities for medical students

Liverpool Fetal Medicine and Surgery Society (LFMSS)

Help educate and inspire Liverpool medical students interested in fetal medicine and surgery. In particular, the society would help involve the Liverpool region in fetal surgery, as the field is very new and practiced mostly in London and the USA. The society would provide an opportunity for students to network with relevant clinicians and meet students with similar interests.

Liverpool General Surgical Society

Provide clinically relevant teaching on a variety of topics (practical and theoretical) any aspiring surgical trainee needs.
Host lectures and seminars featuring some of the country's top general surgeons; providing our society members with unique and valuable experiences relevant to entering this field.
Co-ordinate and plan events with other national and international general surgical bodies.

Liverpool Infectious Disease Society

- To create an inclusive and diverse platform that will educate and support students
- To raise awareness of infectious diseases, through educational and charitable means
- To share ideas and knowledge between leading experts in the field of infectious disease and students
- To unite all members interested in the study of infectious disease and global health

Liverpool Medical Ethics Society

To provide a network for students interested in medical ethics law and humanities
To support students engaging in research /further study
To develop the teaching of medical ethics and law

Liverpool Nutrition In Medicine Society

To increase awareness of evidenced based nutrition in medicine, particularly its remit within disease treatment and prevention; as part of a holistic approach to patient care. As the body of evidence grows

exponentially in nutrition science, we believe its importance in modern medical practice is paramount. With very little time or teaching devoted to this topic during our experience of medical school we believe this is the perfect opportunity to explore and expand on this fascinating area.

Secondly, we strive to promote opportunities for any student doctor wishing to pursue a passion in clinical nutrition within medicine and empower student doctors to implement their nutritional knowledge in future medical practice.

Liverpool Oncology Society

To expand knowledge and addressing the demand for more undergraduate teaching in the field of surgical and non-surgical oncology management by holding teaching sessions and lectures covering the various topics in oncology to stimulate student interest and provide needed educational support. We also invite consultant and trainee oncologists to provide career guidance and advice to those considering pursuing a career in either clinical and medical or oncological surgery. Aside from the academic aims of the society, the society has also raised money for a number of chosen cancer charities including Alder Hey Children's charity and Roy Castle Lung cancer foundation.

Liverpool Ophthalmology Society

To promote ophthalmology as a possible specialty to medical students and to provide greater insight as to what the specialty involves.

To provide revision aid for the Duke Elder Undergraduate Prize Examination in the form of a revision day and information booklet.

To provide revision aid for ophthalmology as a topic for medical school exams.

Liverpool OSCE Society

To provide a comfortable and relaxed environment for medical students to practice and polish their clinical skills, with system-based practical sessions throughout the year, supervised by clinicians and senior medical students.

Liverpool Paediatric Society

To continue it's now well-established revision days and lecture series, helping medical students of all years to enhance their knowledge and skills for exams. Alongside lectures we aim to provide students with a knowledge of "How to become a Paediatrician" and "The Role of a Paediatrician".

Liverpool Research Society

To improve the involvement and key skills of research in medicine

Liverpool Vascular Surgery Society

- To provide collaborative and networking opportunities with vascular surgeons and other like-minded medical students in order to work on audits and publications – a key part of your future application to Vascular Surgery (ST3)
- To better prepare students on the wide array of clinical presentations and pathologies ranging from aortic dissections to lymphoedema
- To update budding Vascular surgeons on the most recent advancements in Vascular Surgery, upcoming essay prizes, talks, conferences and surgical skills courses

Liverpool Wilderness Medicine Society

Liverpool
Guild of
Students

Liverpool Guild of Students
160 Mount Pleasant, L3 5TR
+44 (0) 151 794 6868
www.liverpoolguild.org

Charity Number: 1137398
Company Number: 07324992

To expand students' knowledge and learning in areas of medicine beyond hospital and GP. This includes medicine in low resource and often adventurous environments. The society also aims to allow students to meet others with similar interests and talk to professionals to find out what opportunities are out there.

LivPlast

To educate and inform students about a career in plastic surgery.

LivPsych Society

To provide academic support to medical students with their psychiatry placements and the psychiatry curriculum throughout their medical school studies.

We also aim to provide those students with an interest in the speciality an opportunity to find out more about the career.

MedEd

Provide regular teaching sessions for each year cohort

Establish high quality OSCE and Locas Teaching

Conduct Revision Days for each year groups

MLMS (Medical Leadership and Management Society)

1. INSPIRING SHARED PURPOSE - Facilitate students with an interest in medical leadership (as a speciality in its own right) by hosting a number of engaging tutorials and conferences to allow networking and a greater understanding of the role of a medical leader
2. DEVELOPING CAPABILITY - Provide leadership training (with focus on medical scenarios) - leadership is a skill that is expected from day 1 as an F1 junior doctor and research shows that many students are apprehensive about this when starting work
3. SHARING THE VISION - Support students with an interest in management roles in the NHS (such as consultancy, medical directors, CEO's etc) by providing a buddy scheme with healthcare professionals (this is supported by the FMLM - Faculty of Medical Leadership and Management)
4. CONNECTING THE SERVICE - Make students aware of the opportunities in medical leadership (such as being a part of the BMA student committee/NICE student champion/HLA scholarships) and support students in their applications for these roles

NeuroSoc

-To provide medical education to students, focussing on but not limited to the Neurosciences

-To raise awareness of a career in Neurosciences

-To raise awareness and funds for a charity which supports patients with Neurological/Neurosurgical illnesses

Nursing Society

To bring together all those studying nursing at University of Liverpool.

Occupational Therapy

To unite all three years on the BSc Occupational Therapy degree course in order to integrate enjoyable social, educational and charitable events to such an intense academic course.

Orthopaedics & Trauma Society

Liverpool Guild of Students
160 Mount Pleasant, L3 5TR
+44 (0) 151 794 6868
www.liverpoolguild.org

Charity Number: 1137398
Company Number: 07324992

To introduce students at the University, especially Medical students, to Trauma and Orthopaedics. We also aim to assist students when it comes to studying for exams and making the most of opportunities for their future careers.

Orthoptics Society

To connect all 3 years who study Orthoptics via social and academic events.

Palliative Medicine Society

- To increase awareness of the speciality of Palliative Medicine
- Hold teaching sessions to improve students' understanding of end of life care
- Build relationships with hospices throughout Merseyside and run fundraising events in aid of them

Pre-Hospital and Emergency Medicine Society

To educate, support and unite students with an interest in pre-hospital and emergency medicine.

Radiology Society

Post several social events throughout the year

Promote conferences for students

Host planned talks from students/clinicians to develop understanding on radiology

Rehabilitation Medicine Society

To provide information on what a career in Rehabilitation Medicine is and also how it gives rise to many different subspecialties. Another aim of this society is to have talks on how to holistically manage different conditions ranging from sports injuries to cerebral damage etc. The society aims to be open to everyone regardless of career aspirations, as it will have a wide variety of different topics.

Rheumatology Society

- Inform student doctors and the wider University about rheumatology as a medical specialty and medical career
- Educate student doctors with teaching on rheumatological conditions by local health professionals
- Help to improve student doctors clinical examination skills in the musculoskeletal system

SNOGS (Student Neonatal Obstetrics and Gynaecology Society)

To provide teaching sessions based on Women's Health and continue working with the School's project to be Women's Health advocates.

We aim to raise money for local charities.

Sport and Exercise Medicine

To promote the speciality of Sport and Exercise Medicine

To promote exercise prescription in the future

Surgical Scousers

To deliver the knowledge, skills and support to prepare medical students for a career in surgery.

Systemic Disease and Oral Health

- 1) To promote the understanding of dental and medical manifestation of systemic diseases and their

respective epidemiology

2) Provide both dental and medical students with opportunities to improve their respective portfolios by engaging in a variety of extracurricular opportunities with like-minded individuals.

3) To welcome and harbour a good relationship between both the dental and medical schools and emphasise the importance of interdisciplinary teamwork

Teddy Bear Hospital

To educate young people in local schools and clubs about healthy eating, the body, hand washing and first aid.

Urology Society

- To educate and inform medical students about career pathways of urology and surgical training
- Provide urology related teaching for medical school exams and to provide the clinical knowledge required as a doctor
- Put on talks highlighting the positive aspects of a career in urology

Performing Arts

Artefacts: Liverpool Medical School Performing Arts

To provide a creative outlet for Medical Students in the form of singing, dancing, acting and music.

Ballroom & Latin Society

- Learn and develop dance skills in the style of Ballroom and Latin
- Take part in Ballroom and Latin competitions against other universities on the University circuit
- Be united in a love for the art of Ballroom and Latin

BandSoc (Band Society)

- i) Organising and running performances for members
- ii) Creating social activities for members to socialise
- iii) Providing and maintaining a rehearsal space

Bhangra

To spread the love we all share for Punjabi folk dance and aim to educate and involve those from all backgrounds and faiths to join us in this dance form

Dance Music and DJ Society

To bring together like minded students who have a passion for Dance music.

To provide opportunity to learn and improve member's DJing ability and knowledge of the Dance music scene.

Liverpool University Drama Society (LUDS)

To bring together all members of the Guild who have a passion for performing arts to create quality theatre and provide opportunities to get involved with every aspect of the theatre-making process.

Liverpool University Student Theatre (LUST)

Our aims are to put on high quality, fun shows for those interested in musical theatre. We would like to be a platform for those wanting to go into the performing arts industry as well as a place for those who just want to have fun on stage and perform more casually. We provide a way for people to develop their leadership skills in being on production teams, their team building skills in being in a cast and their confidence by being on stage.

LUMS - Liverpool University Music Society

To create music of all genres, from film to jazz and classical to pop. With members across the university we aim to provide entertainment to the public through concerts in each semester. The society includes fundraising for our society and charities and aims to strengthen ties across different departments of the university. We encourage student participation, and help to develop leadership skills by having all student-led ensembles.

Pole and Aerial Dance Society

To introduce members of the Guild to the expression, creativity, determination and strength involved in Pole and Aerial dance. To allow members to improve their performance with support of a community within the society and guild as a whole. To build confidence of members to participate in competitions and showcases. Small, affordable classes will allow us to listen to the individual to help them reach their own

goals and get the most out of the tuition and support we can offer

Rap Society

- To provide a community where students can meet other students/people who shares the same/similar interest in music, hip-hop in particular and share their thoughts on music and music taste with one another.
- To provide a platform for students to learn how to write Rap songs as well as to improve their confidence and skill on the art form through weekly practice and other such various activities.
- To give students the opportunity to take interest in something new as rapping, writing rap songs, and recording rap songs is not a common hobby/interest which many people have in general despite the genre'

Salsa Society

To unite members of the Guild interested in salsa and generally Latin dancing in order to improve their dancing skills. Also, our members will interact with each other, and thus with different cultures from all over the world, as we are a very international society. Salsa dance has also a social aspect and our society is very welcoming, hence our members will meet new people and have a broader social circle.

Street Dance Society

To teach all the members the street dance skills, strengthen the communication skills of all the members and let all the members participate in dance performance.

University of Liverpool Dance Society

To offer a safe, encouraging and creative space to allow students to initiate or continue a passion for dance. Dance Society aims to provide a way for individuals to create memories and friendships that support one another throughout university and hopefully into the rest of members lives. We aim to use our communal passion of expression through the body to enable individuals to stretch out of their comfort zone, learn new skills, ease the mind, offer exercise, get up on stage, perform and use all of this to raise money for a charity we feel passionate about: Mencap Liverpool.

Sharing Activities

Anime

To provide regular meet ups where students with the shared interests of Japanese animation and manga can watch screenings from a wide array of eras, along with a place to access and loan manga, as well as to judge material based on entertainment and cultural value.

Art Society

To allow people to share their creativity in a fun and safe environment. To introduce people with similar interests and help them to learn more about art.

Bake Soc

To learn, practice and experiment with new baking skills as both individuals and groups, to become better bakers.

Beyblade Society

The aim is to bring people together with the wonderful sport of Beyblade. The educational side of it will be learning the physics and mechanics of the sport. Goals of the society will be to host tournaments and in the long run hopefully go on tour to “let it rip” internationally.

Book Society

To create a safe space for book nerds to meet and discuss books. We aim to help diversify our reading, involving thematic books in order for discussions to cover a wide range of topics for those who find themselves finishing a book and needing to talk about it with a second party.

Chess Society

For experienced chess players and new chess players to meet, play either competitive or casual games, or learn the basics of the game. It will aim to improve all levels of players that regularly participate and engage in the society.

Cocktail Appreciation Society

To unite all the members who enjoy a variety of cocktails and to learn how to make your own cocktails.

Cooking Society

Help students acquire new cooking skills.

Help students with existing cooking experience to improve their skillset by exploring different culinary cuisine.

Help students meet other students with similar interests as well as different culinary backgrounds.

Spotlight different minor cultural foods and recipes.

Cyber Security

To bring together people interested in cyber security and spark an interest for those who aren't already.

Film

To cultivate a friendly group of people who share an interest in films and filming. It will be an encouraging environment where filmmakers can share their ideas with other enthusiasts and a good stepping stone to

develop skills needed for working in the film industry.

Funk and Soul Society

To bring together people with a shared interest in funk, soul and disco music

Game Developers Society

To give students who are interested in the design and development of computer games a platform to collaborate and share ideas. Get more people into game development/design, no coding or game development experience required.

Gaming Society

To bring people with the shared interest of video games together.

Help people improve their skills in video games by interacting with other players.

Offering support to Esport teams, and to help them improve their gameplay.

Garms Society

'If you look good, you feel good.'

Garms Society aims to promote fashion confidence, educate on being sustainable within fashion using media such as podcasts and inviting influential people within the industry.

Global Connect

To connect Liverpool students and international students through social and cultural activities

KPOP

To bring people who love Korean music together, and to allow people to become more culturally aware through our society and through Korean culture and music.

Liverpool Debating Union

To share the joy of debating with the university population of Liverpool, maintaining free speech in a safe space. Equal opportunity is of the utmost importance to us, as is growing a friendly society that feels like a family. We also aim to increase our success at debate competitions at universities across the U.K., perhaps even producing a team that becomes famous across Europe!

Liverpool Model United Nations Society

To allow those interested in world affairs to take part in model United Nations debates

To create a conference for people outside of Liverpool to engage in model United Nations debates

LivYoga

To teach and nurture the practice of yoga, a discipline widely practiced for health and relaxation through breath control, meditation and adoption of body postures. The discipline aims to improve flexibility and core strength, along with reducing symptoms of stress, depression and anxiety.

Manifestation Society

> To unite all members that are interested in manifesting their dreams, and want to learn more about the law of attraction

> To discuss different law of attraction techniques

Liverpool
Guild of
Students

Liverpool Guild of Students
160 Mount Pleasant, L3 5TR
+44 (0) 151 794 6868
www.liverpoolguild.org

Charity Number: 1137398
Company Number: 07324992

- > To share success stories
- > To support each other in our manifesting journey

Meditation

To introduce members of the guild to mindfulness and meditation and to provide free weekly meditation sessions for those who wish to learn more. To provide a relaxed space and encourage a calmer campus!

Poetry Society

To instil confidence in all budding poets at University of Liverpool - Creating a foundation for students' work to be shared, discussed and showcased.

Poker Society

To bring students from all backgrounds, with all abilities, to socially unite over a strategy game.

Pro Wrestling Appreciation Society

To provide a place for like-minded students to discuss and watch pro wrestling, free from judgement off others.

Racing Society

- 1) To introduce and encourage a completely new experience for University students.
- 2) To allow the existing members of the sport to continue their participation whilst undertaking University Studies.
- 3) To use the events to create a social bond between competitors and forge a community spirit amongst the members of the society.
- 4) To provide one social event and one sporting event at least once per calendar month during term time.
- 5) To encourage all members to continue to perform and better themselves!

Reenactment

To engage students in the re-enactment of the English Civil War and other periods.

To educate the public more on British history.

To encourage students to start learning new crafts such as sewing

Rock Society

To bring together students with similar musical interests into a safe, friendly, and sometimes a well-needed relaxing space.

Role Playing Games Society (RPGSoc)

To foster a shared appreciation for table top role playing games, our society is a place where game masters and players can be provided a time and space to enjoy their hobby

Speleological Society

Discuss and educate people on caves, rock formations and underground activity.

Lecture series on underground cave series and abroad.

Watching caving videos/films/docuseries

Student Scouts and Guides Society (LUSSAGO)

Liverpool Guild of Students
160 Mount Pleasant, L3 5TR
+44 (0) 151 794 6868
www.liverpoolguild.org

Charity Number: 1137398
Company Number: 07324992

To promote the scout and guide ideals of working together, learning new skills, giving back to the community while having a great time.

Tabletop Society

- Bring people together who love board games
- To introduce new games to new members
- Encourage social interaction

The Disney Society

To bring together all members of the guild who share a love for Disney, to all come together and share a common interest. Disney has a rich history of movies and music which members will be able to discover as well as their history of theme parks. We are also aiming to show members how Disney create some of their best films such as how they are produced, filmed and animated. Guild members will also learn how Disney make some of their best music and musicals. Another aim of this society is too welcome members who are not into Disney to show them the magic of Disney. Finally, we are going to learn how rides at Disneyland are designed and made.

The Tea Team

To unite all students with a love of tea.

To share desert recipes for specific tea parings.

To get a better understanding of the best way to make and enjoy tea.

University of Liverpool Commuters Society

To provide a support network for students, particularly those who are commuting from the wider Liverpool city region and surrounding areas.

To aim to connect people who would not have had the opportunity beforehand, breaking down the initial barriers of meeting new people.

We would also aim to provide a community that can give aid and advice on topics such as travel arrangements and any other queries a fellow student may be able to help with.

University of Liverpool Photography Society

To teach, improve and, develop photography skills of members.

Yu-Gi-Oh! Society

To provide a place for both casual and more experienced players of the Yu-Gi-Oh! TCG to come together within the university so that they may trade, practice and compete.

Student Media

The purpose of Liverpool Guild Student Media is to benefit students at the University of Liverpool by:

- a. Reporting and commenting on matters that are affecting students, and are of interest to them, in a fair, accurate, critical manner, whilst complying with national standards of reporting;
- b. Stimulating interest in, and knowledge of, a full range of subjects and issues affecting students and, through this, enriching cultural life, fostering creativity and talent, and promoting cultural dialogue & awareness in Liverpool;
- c. Informing students of current affairs including activities and campaigns inside the University of Liverpool and the Guild;
- d. Providing scrutiny of the University and the Guild, as well as raising awareness and supporting the governance and democratic functions of these organisations;
- e. Providing a platform for students to express and communicate their views, as well as developing and giving opportunities for students to obtain skills in broadcasting, journalism, and publishing;

Providing an excellent standard of content, and recognising and championing outstanding content produced by students.
